Statements that are not historical facts, including statements about Cepton and Growth Capital Acquisition Corp., a Delaware corporation (“**GCAC**”) and the transactions contemplated by the Business Combination Agreement (the “**Transactions**”), and the parties’ perspectives and expectations, are forward looking statements. Such statements include, but are not limited to, statements regarding the Transactions, including the anticipated initial enterprise value and post-closing equity value, the benefits of the Transactions, integration plans, expected synergies and revenue opportunities, anticipated future financial and operating performance and results, including estimates for growth, the expected management and governance of the combined company, and the expected timing of the Transactions. Such forward-looking statements reflect Cepton’s or GCAC’s current expectations or beliefs concerning future events and actual events may differ materially from current expectations. Forward-looking statements may be identified by the use of words such as “estimate,” “plan,” “project,” “forecast,” “intend,” “will,” “expect,” “anticipate,” “believe,” “seek,” “target,” “designed to” or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. Any such forward-looking statements are subject to various risks and uncertainties, including (1) the success of our strategic relationships, including with Cepton’s Tier 1 partners, none of which are exclusive; (2) the possibility that Cepton’s business or the combined company may be adversely affected by other economic, business, and/or competitive factors; (3) the risk that current trends in automotive and smart infrastructure markets decelerate or do not continue; (4) the inability of the parties to successfully or timely consummate the proposed business combination, including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the proposed business combination or that the approval of the stockholders of GCAC or Cepton is not obtained; (5) risks related to future market adoption of Cepton’s offerings; (6) the final terms of Cepton’s arrangement with its Tier 1 partner and, in turn, its Tier 1 partner’s contract with the major global automotive OEM differing from Cepton’s expectations, including with respect to volume and timing, or the arrangement can be terminated or may not materialize into a long-term contract partnership arrangement; (7) the ability of GCAC or the combined company to issue equity or equity-linked securities in connection with the proposed business combination or in the future; (8) the inability to recognize the anticipated benefits of the proposed business combination, which may be affected by, among other things, the amount of cash available following any redemptions by GCAC’s stockholders; (9) the ability of the combined company to meet the initial listing standards of The Nasdaq Stock Market upon consummation of the proposed business combination; (10) costs related to the proposed business combination; (11) expectations with respect to future operating and financial performance and growth, including when Cepton will generate positive cash flow from operations; (12) Cepton’s ability to raise funding on reasonable terms as necessary to develop its product in the timeframe contemplated by its business plan; (13) Cepton’s ability to execute its business plans and strategy; (14) the failure to satisfy the conditions to the consummation of the proposed business combination, including the approval of the proposed business combination and definitive agreements for the proposed business combination by the stockholders of GCAC; and (15) the occurrence of any event, change or other circumstance that could give rise to the termination of the proposed business combination. If any of these risks materialize or any of GCAC’s or Cepton’s assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. Cepton and GCAC do not undertake to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You should carefully consider the risk factors and uncertainties described in “Risk Factors,” “GCAC’s Management’s Discussion and Analysis of Financial Condition and Results of Operations,” “Cepton’s Management’s Discussion and Analysis of Financial Condition and Results of Operations,” “Forward-Looking Statements” and the additional risks described in the Registration Statement on Form S-4 (as may be further amended, the “**Registration Statement**”) filed by GCAC with the Securities and Exchange Commission (the “**SEC**”) on September 8, 2021 and other documents filed by Cepton and GCAC and other documents filed by Cepton and GCAC from time to time with the SEC.
